**DE-BUDS UP TO
65 KG/H OF CANNABIS!!**

- + Safe, clean and quick to de-bud your plants, when either freshly harvested or dry.
- + It has speed control, which ensures that the quality, shape and size of the flowers are maintained.
- + Increase the speed for trimming fresh flowers, or decrease speed for trimming dry flowers, to gently de-bud the flowers and achieve better results.
- + Made of stainless Steel, without any paint, to avoid polluting the flowers.
- + Forward and reverse operation to easily clear blockage.
- + Equipped with a powerful 1 horsepower motor to de-bud any type of plant, no matter the plant's dimension, and to avoid jams.
- + Completely mobile due to its 4 flat-free tyres. Ideal for moving around on irregular surfaces and overcoming any obstacle.
- + Includes three designs of heads.
- + Machine can be disassembled completely for easy maintenance. Cleaned in less than 10 minutes.

Rounded head

Tubular head

Star head

Master Bucker

- + The **Master Bucker** is easy to move, with its large wheels suitable for all types of terrain, both interior and exterior.
- + Use the handles to move it, as if it were a wheelbarrow.

- + Adjustable tilt to set according to the height of the operator, or to accommodate working standing or sitting .

CONTROL PANEL

- + On and Off switch I / O.
- + Forward and reverse operation to easily clear blockage.
- + High-precision speed control switch for de-budding freshly harvested or dry flowers.
